JESSE MALIN

Glitter in the Gutter

ADELINE RECORDS

Jesse Malin is no longer bedazzled and befuddled by the high romance of 2004's *Heat*.

The blinders are off and he's burning through his regrets with the help of Josh Homme's futuristic guitar splatter and Foo Fighter Chris Shiflett's mocking punk aggression.

Glitter sparkles with other famous sidemen as well: Bruce Springsteen supplies messy vocals on "Broken Radio," bolstered by Ryan Adams' surprisingly stinging fretwork, while Jakob Dylan fumes through his harmonies on "Black Haired Girl."
