The Pierces "Turn On Billie"

Breathy-voiced Allison and Catherine Pierce (right), the gorgeous Brooklyn sister act that gave up their ballet slippers for microphones, turn us on as well with this sexy pop confection. It's on "Thirteen Tales of Love and Revenge," out March 20.

The Pierces "Thirteen Tales of Love and Revenge"

Folk-rock sister act the Pierces are way too pretty to ever have had boys break up with them, yet they sing in harmony with authority about the edgier sides of love.

Their original "Louisa" is the perfect love 'em and leave 'em track. These Alabama slammers are among this week's MPFree offerings at nypost.com. (Out March 20)
