ANDREW COOK
THE RECEIVING END OF SIRENS

There's a band called **THEREFORE I AM** (thereforeiamrock.com) [also one of this month's AP&R bands—ed.] from our home state of Massachusetts that everyone needs to hear, and more importantly, needs to see. They ooze sincerity and honest emotion with every song they play, and they are inspiring to watch. They are energetic, creative, heavy and perhaps equally as important, they are great dudes. Check 'em out!
