

## **DROPKICK MURPHYS**

**THE MEANEST OF TIMES (BORN & BRED)**

Boston's Dropkick Murphys' sixth album sounds like a bar brawl. And that's fine by us. "Johnny, I Hardly Knew Ya," turns a Civil War-era anti-war dirge into a furious, pointed punk-folk stomp. Elsewhere, punishing guitars and militant drumbeats collide with tin whistles and bagpipes on dark, raging, dramatic tunes about crooked cops, cheating husbands and other assorted scoundrels and jerks. Enjoy.
