

EVERY AVENUE, "Shh, Just Go With It" (Fearless) ☆☆☆ — Michigan emo outfit Every Avenue made a nice splash last year with their Fearless debut EP "Ah!" and have built on that success with this enjoyable, though not especially memorable, full-length debut.

"Shh, Just Go With It" starts off strong before fizzling down the stretch. The three tunes that open the 11-track collection — "Days of the Old," "This One's a Cheap Shot" and "Where Were You?" (which also appeared on "Ah!") — are sure to invade your brain stem with their infectious dance-pop grooves.

But Every Avenue stumble with so-so songs "Think of You Later (Empty Room)" and "Boys Will Be Boys," and the band really misses the boat on the cheesy ballad "Between You and I."

Still, there's enough good material here to warrant keeping an eye on this up-and-coming quintet. (JS)
