pinup pieces on Andra Day

She's amassed almost one million Twitter followers after posting astounding covers of Eminem and Florence and the Machine to YouTube, and now the 28-year-old Andra Day is ready to tour. Who's her style inspiration this summer? "Lucille Ball for hair and James Dean for his rockabilly style, the denim-and-rolled-up-T-shirt thing," Day says. Love it all.

Jacket, pumps, Marc Jacobs; shirt, True Religion; jeans, Paper Denim & Cloth; earrings, Genevieve Jones. See Glamour Shopper for more information.

Writers: Caitlin Brody and Jen Weinberg. Fashion editor: Maggie Mann; hair: Rob Talty, makeup: Kathy Jeung, both for The Magnet Agency; manicures: Karen Gutierrez for Nailing Hollywood; set design: Jamie Dean for Walter Schupfer Management; production: Peter McClafferty.
