SKY FERREIRA

Miley's Cool Tourmate!

MILEY CYRUS HAS MET HER MATCH. **Sky Ferreira**, 21, tells *Us* about opening on Cyrus' Bangerz tour.

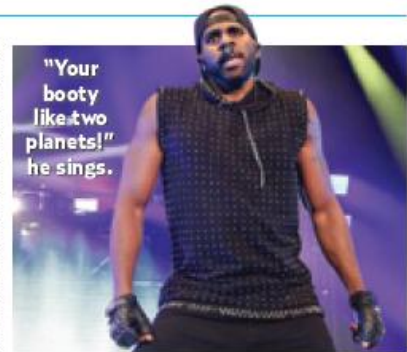

Q: Have you two clicked?
Yep! We're both honest, funny and have a good head on our shoulders. She's in control of it all, and so am I.

Q: Always wanted to be a pop star?
Well, I couldn't stop singing in public as a kid. My mom would get so mad!

Q: Your grandma was Michael Jackson's longtime makeup artist. Spill!
I'd sing to him or we'd walk around his zoo and talk. It wasn't weird at all.

The L.A. singer/model is featured in *Us*' new Miley special issue (bn.com/usmiley).

Jason Derulo Talk Dirty

★★★☆☆

It's *Sir Mix-a-Lot*, 2014! Jason Derulo chases up his hit "Talk Dirty" with a stack of like-minded dance-floor booty calls. "You know what to do with that big fat butt!" he charges on the lusty "Wiggle," and the rippling "Bubblegum" offers such euphemisms as "I can't be mad at that baby fat." He squeezes in time for romance with **Jordin Sparks**, however, on their honey-eyed duet "Vertigo." (Warner Bros.)
