Kill It Kid was formed back in 2008 when guitarist and vocalist Chris Turpin joined forces with drummer Marc Jones and co-vocalist/pianist Stephanie Ward. They drew inspiration from American blues, both in style and in name, taking "Kill It Kid" from a Blind Willie McTell tune. The band spent the next four years working intensely, touring and growing a following in the U.K., which led them to Sire/WBR.

Their music has since spread worldwide, with their song "Run" featuring prominently in a global [Samsung TV commercial](#). A full-length record will be out later this year, and is a crossroads between unadulterated blues catharsis, tight rock 'n' roll song writing, pensive

folks musings and distorted grunge attitude.

Kill It Kid will be joining fellow Blues revivalist Gary Clark, Jr. on his European tour in Germany. For a full list of upcoming Kill It Kid tour dates, see below.
