April 1st, 2016 — (Burbank, CA) — Beginning today, Los Angeles-based rock band [The Shelters](#) have released “**Rebel Heart**” via all participating digital retailers including iTunes . The wildly melodic, guitar-driven song comes from their debut album, ***THE SHELTERS***, set for June 10th release on Warner Bros. Records. “**Rebel Heart**” debuted yesterday on SiriusXM Alt Nation’s Advanced Placement show and a video for “**Rebel Heart**” will follow soon. Click [here](#) to listen and download “**Rebel Heart**”.

The Shelters is the follow-up to the band’s [four-song EP](#), which was released last October. Both the EP and the album were co-produced by one of the band’s musical heroes, **Tom Petty**, with all songs written by bandmembers Chase Simpson and / or Josh Jove. The album can be pre-ordered via participating digital retailers on May 6th.

The Shelters, who recently opened for **Gary Clark Jr.** and The Struts, will tour the nation throughout May with their Warner Bros. Records label-mates [The Wild Feathers](#). They will also perform at the **Shaky Knees Festival** in Atlanta, the **Bunbury Music Festival** in Cincinnati, and the **Firefly festival** in Dover, DE.

Beginning May 26th, **The Shelters** will open the entirety of the tour being undertaken by Tom Petty's pre-Heartbreakers band [Mudcrutch](#). Please see below for all upcoming Shelters tour dates.

The sounds **The Shelters** have made seem to have been dragged from the vaults and forced to fit the present:

"It's as if the Laurel Canyon harmonies of the 1970s spent the glam rock '80s in The Viper Room on the Sunset Strip before getting a 2015 update in Silverlake." - [Paste](#)

"These young cats are rock missionaries" - [Jambase](#)

"Their unique sound, marked by harmonies and guitar solos, had just the right amount of nuance to distinguish them from other thrashy rock outfits at Beach Goth. Most surprising standout." - [LA Music Blog](#)
