Being L2M!

LEGO® Club scored an exclusive interview with the up-and-coming girl group L2M, whose songs feature in the all-new LEGO Friends movie: *Girlz 4 Life!*

How long have you been performing together?

We have been together since December 2014!

What is the best thing about being in a band?

We have all grown up singing and dancing on our own since we were really little, so it's been fun to get the chance to perform together as a band. It's not every day that you get to have so much fun with your best friends – that's pretty cool! When we get new ideas we can work on them all together so everyone is happy.

How many hours do you have to practice?

When we are together and preparing for a show or performance then we practice 4-5 hours a day. But we also still have to do all our school studies too so we have to do that first and then we can get into the studio.

Is teamwork important when putting on a show?

Yes, we all love performing and doing the best show we can anyway – but now we are a group, we are even better together. Everyone has their strengths and we work as a team and can support and encourage each other.

Which is your favourite Friends character and why?

Mariangeli: Olivia because she makes school a priority and I think it is too. She loves science and that's my favourite subject. And also as she looks the most like me!

Lexi: Stephanie because I look a bit like her and she is a kind-hearted and loving person to all of her friends and family.

Tati: Emma because she likes fashion and styling and does karate like I do. She is creative and caring. And she is the one you are most likely to meet in a splash pool and I love swimming.

McKenzie: Andrea because she works at a restaurant, but still works on her singing while she is working. She's a social butterfly – I love all my friends so I think we are similar in that way too.

Jenna: Mia because she is sporty and loves animals like I do. She also worked in a bakery and I have such fun making cakes! She is down to earth too and acts like herself.

What's next for L2M?

We're so amazed by how far things have already gone with the group. The album, the music videos, and of course the *Girlz 4 Life* movie! Hopefully next up is our very own world tour or TV show!
