The Wild Feathers... harmony-heavy and guitar-filled, like the soundtrack to a road trip across Middle America." -- **Rolling Stone**

"The Wild Feathers released their second album, '*Lonely Is A Lifetime*.' With three singers, its easy to draw vocals comparisons to Crosby, Stills & Nash, while the electric guitar work reminds one of Neil Young and Pink Floyd." -- **USA Today**

"The Wild Feathers have a way of channeling the influential spirit of their musical predecessors, creating a feeling of familiarity that never feels apologetic." -- **FLOOD**
